

Do you want to save your soccer organization time, effort, and money?

Get a RidgeStar Referee Management Site!

What if you could spend less time filling and mailing schedules, yet **provide faster, more efficient service** to your client leagues? . . . Can you imagine a tool that gives Referees, Coaches, and Leagues the power to **effortlessly schedule, report, and review matches** from one central database? . . . Wouldn't it be great if you could **improve communications** between everyone in your organization and eliminate scheduling conflicts? . . .

If you want to transform those wishful thoughts into a reality, you should consider a **RidgeStar Referee Management Site** – a tool that can **save time and effort for everyone in your organization**:

Referees	Referees appreciate the handy, effortless scheduling tools: Using the Referee Management Site, they can review assigned Matches; inquire about available Matches; view who else is assigned to a particular game or crew; assign themselves positions they are qualified for; file completed Match and Misconduct reports; and find out if a match has been paid for.
Assignors	Assignors can breathe easier: The Referee Management Site empowers them to assign Referees to Matches; determine which Referees do not yet have a match on a given date; and use bulk email to find available Referees. (That means no more desperate last minute phone calls!)
Coaches	Coaches have a lot less to worry about now: using the Referee Management Site they can find out which Referee is assigned to their match; ensure that a Referee is scheduled to officiate a Match at the correct location; and file Referee Evaluation feedback forms.
Clients	Client or League members love the new convenience: They can get up-to-date event and scheduling information; book Referees for one or more Matches; interrogate the billing status of requested Matches; and can review the Referees' reported standings for Teams, Leagues, Divisions, and Levels.
Administrators	No more paper shuffling: Administrators have complete back office control from one central program! They can easily add, update, or delete any entry in the Site's database – including approving user access to the Site and posting new events or information.

The RidgeStar Referee Management Site is available from **\$2,000 annually**. We can assure you that the cost pays off in budget savings – every organization that has built a Referee Management Site has been able to **eliminate a healthy portion of related administrative costs** that include postage, paper, copies, and printing. In most cases, the Soccer Referee Management Site has helped to **save hundreds and even thousands of dollars overall**.

The Referee Management Site price includes Site design and hosting plus all of the database tools you'll need for scheduling referees. It also includes a variety of other tools that can be customized to your organization requirements. That's everything you need to **provide instantaneous event and scheduling updates**, reduce scheduling mix-ups, and encourage communication and cooperation in your Chapter.

You can trust RidgeStar to build the optimum in interactive Web design. Unlike most Web Service providers, **we have pioneered many Sites specifically for Referee Organizations** including professional, school, youth, men's, women's, coed, parks, and private leagues. We know exactly what tools to provide for improved scheduling.
